

# The Disposable Advantage

## The Responsible Choice

- Avoid the cost of laundering or replacing lost and stolen linens
- Less space is required for disposables, so storage options are maximized
- Many of our products are proudly made in the USA
- Be good to the environment: our products are recyclable and save on the water and energy required for laundering traditional linens

## The Safer Choice

- Single-use minimizes cross-contamination and reduces the risk of infection
- Products are lighter than traditional linens, improving user experience in the workplace

## The Quality Choice

- A fresh product every time—no stains or tears that happen with washable linen
- Soft, linen-like material offers patients the comfort and modesty of fabric with the peace of mind of single-use
- Expect the same high quality and consistent product, time after time

## Ordering Information

Quality

Elite
