

Protection When It Matters Most

With increasing global concern of infectious diseases, Graham Medical offers infection control and risk reduction when you need it most.

Our full line of single-use products can be used in conjunction with Personal Protection Equipment (PPE).

- **Graham barrier products are made of durable nonwoven material with a polyethylene backing that provides strength and resists fluids even under high temperatures, pressure, and time**
- **Single-use products reduce risk of cross-contamination of infectious pathogens**
- **Comfortable, easy to use and simple to dispose**
- **See reverse side for product ordering information**
