

SIMPLE. SUSTAINABLE. SINGLE-USE.

Trust Graham Medical's single-use products to give patients the ultimate in comfort, convenience, and protection.

- No more worrying about laundry or linen storage. Single-use products are lightweight and take up less space than traditional products.
- Greatly reduce the risk of cross-contamination. Enjoy the comfort and confidence from a fresh, new, clean product every time you need one.
- Disposable products are environmentally friendly and cost effective. No energy needed to wash and dry, just recycle them and grab a new one.
- Linen-like material is soft but strong. Enjoy comfort, coverage, and modesty with the ease-of-use that disposable products bring.
- The same quality medical professionals rely on, now available to you! See reverse side for order information.

RECYCLING OPPORTUNITIES:

Graham Medical's scrubs, as well as single-use fitted sheets and pillowcases, can be recycled and reprocessed into products such as yarn, rope, and jackets.
