

DISPOSABLE, COST-SAVING ALTERNATIVE

Graham Medical introduces single-use telemetry pouch for patient monitors.

- Prevent cross contamination between patients
- Long strap hangs comfortably around the patient's neck
- Front flap with snap button holds monitor securely in place
- Lightweight, yet durable for long testing periods

WEAR IT TWO WAYS

IDEAL FOR IN-HOME CARE

**Providing
security, comfort
& convenience.**

The Single-Use Advantage

- Reduce the risk of infection and cross-contamination with single-use products.
- Reduce environmental impact with recyclable pouches.
- Give your patients a new and clean product every time.
- Lower your costs—no laundering and no need to replace lost product!
